INTRODUCING HYBRID Tx MAX 3 Phase Hybrid Inverter

LUMINOUS

(10-30)

Internal

Confidential Property of Luminous Power Technologies

Hybrid Tx MAX Specs (10-30)kVA

Model	Hybrid TxMAX
InverterRating	(10/15/20/25/30)kVA
Open Circuit Voltage(Voc)	300/450/500/500/680V
Rated kW	(8/12/16/20/24)kW
DC Battery Voltage	(120/180/240/240/360)V
I/P Rated Voltage	415V AC
O/P Voltage	400V AC
O/P Voltage Tolerance	±2 %
Automatic By pass	Available
O/P Waveform	Pure Sine Wave

Hybrid Tx MAX Key Features

(10-3)

- User Friendly Display.
- Inverter Efficiency up to 90%.
- Emergency power Off button.
- Inbuilt Isolation transformer.
- DSP based controller & Design.
- Inbox Wi-fi dongle with App.
- Export excess PV power to grid.
- Inbuilt zero export device.
- Bidirectional inverter device.
- Without battery operational*

Hybrid Tx MAX Ordering Code & Description (10-30)kVA

SAP CODE	DESCRIPTION
T30000001508	3Phase SolarHybridTxMax 10KVA/120V
T30000001525	3Phase SolarHybridTxMax 15KVA/180V
T30000001526	3Phase SolarHybridTxMax 20KVA/240V
T30000001527	3Phase SolarHybridTxMax 25KVA/240V
T30000001528	3Phase SolarHybridTxMax 30KVA/360V

Hybrid Tx MAX

Application (10-30)kVA

- Industrial
- Farmhouse
- Restaurants
- Schools & Institutions
- Offices
- Petrol Pump
- Dairy Farm

Comparison – Existing Vs New

FEATURES	3 Phase Solar Hybrid Tx Series	3 Phase Solar Hybrid Tx Max
EPO(Emergency Power Off) Button	Not Available	Yes
In house Dongle with App	Not Available	Yes
Pre Compatible with LiB Bess	Not Available	Yes
Without battery Operational	Not Available	Yes
Installation OTP Feature	Not Available	Yes

OPTIONAL ACCESSORIES & APP

SYNC X: SMART Wi-Fi DONGLE FOR
SEAMLESS CONNECTIVITY

SYNC X

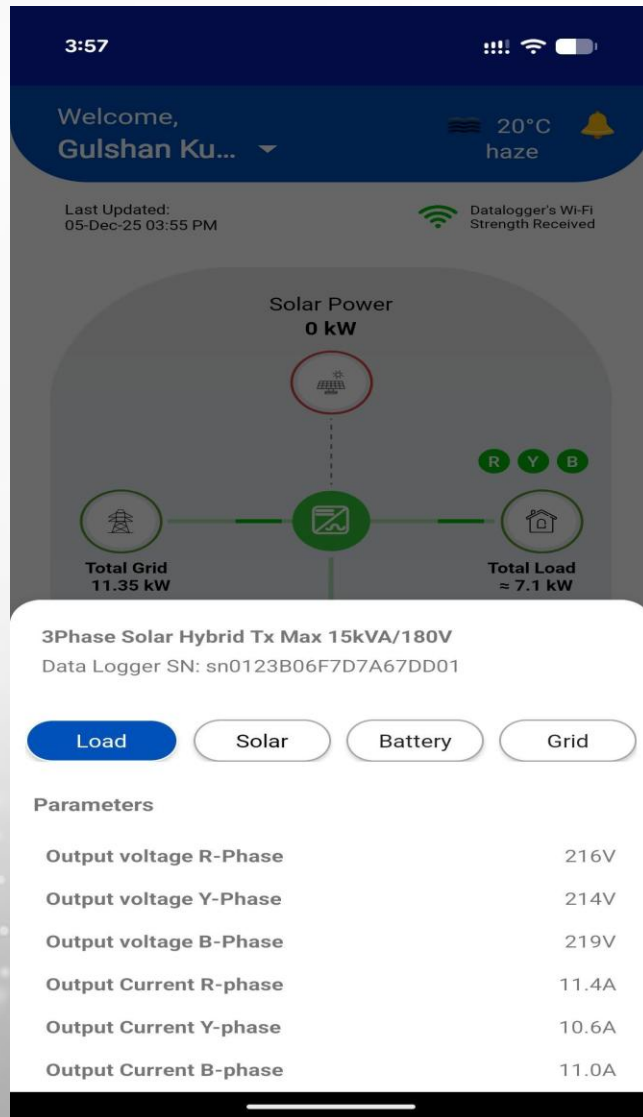

Key Features

- **LED Indicators: Power (Green), Wi-Fi (Orange), Signal (Blue), Modbus (White)**
- **Plug-and-play design for quick deployment.**
- **Developed in-house – better support & adaptability.**
- **Durable, energy-efficient & reliable even in harsh conditions**

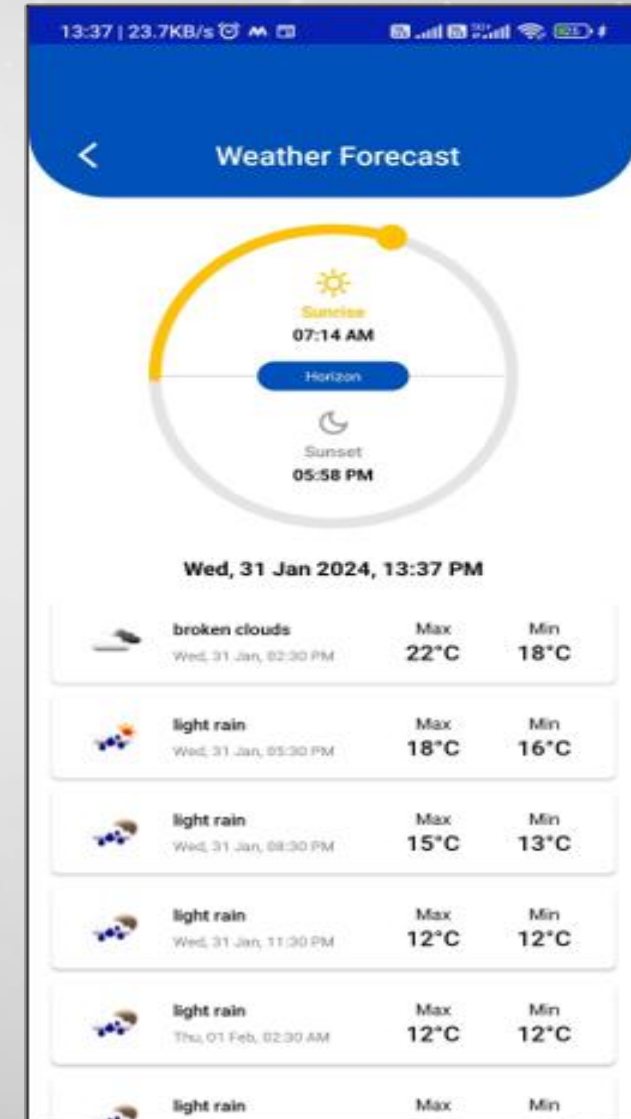

CONNECT X
